# 6 Reasons to let DetoxIT manage your systems...

- 1 RESPONSE TIME**  
DetoxIT prides itself on its Response Times, as time is money, you've got a business to run and can't afford to wait for support.
- 2 KNOWLEDGE**  
DetoxIT knows IT. Keeping up to date with all the latest technology is a priority for us. We love testing all the latest gadgets and software.
- 3 PROFESSIONALISM**  
DetoxIT commits itself to following industry standards and keeping things simple while staying Professional.
- 4 PLAIN ENGLISH**  
DetoxIT will transform technical jargon into easy to understand english that you can relate to.
- 5 PROACTIVE**  
Prevention is the best cure. That's why we provide Proactive maintenance that's flexible and suits your business requirements.
- 6 SOLUTION PROVIDER**  
Whether it's a small problem or a major upgrade, DetoxIT strives to provide a solution to fit your business needs.

But don't take our word for it!

Here's what some of our clients have to say...

*"We cannot speak highly enough of the service and support they have provided to us. After two years in the IT wilderness we had despaired of finding not only IT support that could deal with multiple offices over a wide area, but that could speak in common english and explain what the problem is then provide a solution."*

**Skill Centred Queensland**  
Catherine Holliss  
Fleet, Property & IT Manager

*"We have engaged the services of DetoxIT for approximately 2-3 years and during this time frame have been very impressed with the level of service and competency of the staff. No problem is too small or too difficult to fix. If ever there was an issue that was not readily solved they would always continue to find a solution. I would not hesitate to recommend DetoxIT as our preferred IT consultants."*

**Noosa Clinic**  
Kate Bodycote  
Practice Manager

*"Detox IT have been supporting our business for over 2 years and provide us with outstanding IT support. We have over 70 staff mostly located off shore in areas such as Fiji, PNG, Samoa, plus our Australia Head Office. They have been able to assist users remotely in a timely and consistent manner. I wouldn't hesitate in recommending Detox IT to others for their IT support."*

**APTC**  
Julius Zsadony  
Logistics Officer

*"Detox IT have provided us with the peace of mind and confidence that we needed to ensure that this vital aspect of our medical practice could run smoothly. We no longer experience unresolved computer issues that disrupt our day to day work. We would highly recommend Detox IT to any business that requires professional, reliable IT support."*

**Maroochy Water Medical**  
Kerron Bromfield  
Practice Manager

*"Detox IT began servicing our computer needs in 2008, after much dissatisfaction with our previous IT provider. In one weekend, Detox IT resolved several computer issues that had previously troubled us for over 12 months! They offer a fast, reliable service and we are particularly impressed that often, they can provide these services remotely."*

**Medicine on Second**  
Nicky Jardine  
Practice Manager
